

WEBSITE PORTOFOLIO

Website Aplikasi Pembayaran Spp “SPPay”

SPPay adalah website aplikasi pembayaran Spp sekolah yang menggunakan Framework “Laravel”.

Terdapat banyak table database seperti table data siswa, kelas, petugas, spp, dan transaksi Spp

The image displays two screenshots of the SPPay web application interface. The top screenshot shows the 'Data Pembayaran' (Payment Data) table, and the bottom screenshot shows the 'Database Siswa' (Student Database) table. Both tables include 'Edit', 'Delete', and 'Detail' action buttons for each record.

SPPay
Easy for you

Data Pembayaran
